

SUN'S ENVIROKLEAN 2000®

CLEAN IT!

CLEAN IT SAFELY!

CLEAN IT ECONOMICALLY!

ENVIROKLEAN 2000® is a versatile washing agent, degreaser and oil dispersant for industrial, oilfield and marine use.

ENVIROKLEAN 2000® is biodegradable and contains 0% phosphates. Removes oil and degreases engines, heavy machinery, tools, offshore oil platforms and drilling rigs.

Degreases tanks, barge compartments, sour bilges, engine rooms, wash down decks, and bulkheads. Cleans oil muds, bunker-C, creosote, mildew & mold, grease & grime, cosmoline, No. 6 crude, carbon dust, algae, and most oil-base products

Suggested dilutions

- ◆ Light cleaning: 1-part **EK 2000®** to 5-15 parts water.
- ◆ Medium cleaning: 1-part **EK 2000®** to 3 to 5 parts water.
- ◆ Heavy cleaning: 1-part **EK 2000®** to 1 to 2 parts water.
- ◆ Extreme: Apply full strength, soak, agitate vigorously
- ◆ Rinse cleaned area or equipment thoroughly

Packaging

- ◆ 5-gallon (18.9 L) pails
- ◆ 55-gallon drums (208 L)
- ◆ 275-gallon totes (1049 L)

Physical Properties

- ◆ Specific gravity: 1.01
- ◆ Appearance: Clear blue/purple liquid
- ◆ Boiling point: ~212°F (~100°C)
- ◆ Freezing point: 28°F (-2.2°C)
- ◆ Solubility: Infinite
- ◆ pH: 12.5

Application

- ◆ EnviroKlean 2000® can be applied by mop, sponges, or spray equipment. Allow solution to penetrate deposits and grime before rinsing off.
- ◆ EnviroKlean 2000® is a concentrated cleaner and may be used full strength or diluted with fresh or seawater
